Response to Amendment

The reply filed on 12/23/03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant did not elect a group of claims to be prosecuted. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

The previous Office action contained a restriction requirement which Applicant may traverse (argue), but an election must be made for Applicant's response to be complete. Once an election is made, the Examiner will consider the Applicant's traversal (arguments). If the restriction requirement is maintained, it will be made final, and an action will be issued on the elected claims. 37 CFR 1.143 is reprinted below (emphasis added):

§ 1.143 Reconsideration of requirement.

If the applicant disagrees with the requirement for restriction, he may request reconsideration and withdrawal or modification of the requirement, giving the reasons therefor. (See § 1.111). In requesting reconsideration the applicant must indicate a provisional election of one invention for prosecution, which invention shall be the one elected in the event the requirement becomes final. The requirement for restriction will be reconsidered on such a request. If the requirement is repeated and made final, the examiner will at the same time act on the claims to the invention elected.
